Dear Sir or Madam.

Would you like to help a Veteran in Need?

As you know there are a lot of Veterans coming back very messed up. LDEC has been placing Veterans on horseback since 2008. We have placed over 1500 Veterans on horseback, helping the Veterans regain their Courage, Confidence, Hope and Honor.

Working with Veterans, we have come to realize the Veterans also need financial assistance during their recovery and transition back into society.

Under our 501(c)3 organization, LDEC is starting a new division to collect donations from people who can't take the time to Volunteer and disperse the funds directly to the "Veterans in Need". We are a Volunteer organization with no salaries or administration cost. The Veteran in need will fill out an application and be screened by one of the State's Family Assistance Center Specialists to determine eligibility. Funds will be dispersed to the Vendor the Veteran owes.

For more information, please visit our web site at:

Most donations are tax deductible and can be made online or simply make out a check to LDEC.

Thanks for your support.
